Our aim is to create a unique holiday experience that doesn't cost the earth. Our approach is honest and thoughtful;

- ✓ We fully comply with the law, current legislation and regulations and to take a proactive approach to future legal requirements or obligations.
- ✓ We source everything responsibly, asking questions and visiting producers where possible. If we cannot find what we want we frequently write a spec!
- ✓ We measure daily and aim to reduce the amount of waste we send to landfill year-on-year.
- ✓ We measure daily our energy, water and waste, with an aim to reduce year-on-year. We are happy to share this auditing with educational/research bodies.
- ✓ We have a target to reduce our carbon footprint year-on-year.
- ✓ We work with our suppliers and contractors to ensure that they are made aware of our policy and that they have compatible policies for managing their impact on the environment. This includes giving any packaging back to our suppliers.
- ✓ We regularly conduct reviews to ensure the hotel operations remain compliant with this policy and to set or revise targets to ensure continual improvement for the future.
- ✓ We want to inspire all who meet us to make positive changes in their own lives or businesses that are beneficial to the environment.
- ✓ We challenge the traditional interpretation of 'luxury hospitality' and are innovative in our decision making.
- ✓ We are not perfect; we believe that there is no such thing as 'perfect'.
- ✓ We are true to our values and committed to what we do.
